

## Digital refractometer ORF-R

### ORF1RS

#### Product Description

---

- The models in the KERN ORF-E range are accurate and universal, maintenance-free digital manual refractometers
- Other key features are the easy handling and sturdiness
- The large, easy-to-read TFT colour display with integrated temperature display supports the user to reliably determine the measurement.
- The large range of models with either a single or multiple measuring scales means that you can use the product in many application areas
- The optimised device software can give the measurements in various measurement scales
- The integrated automatic temperature compensation (ATC) means that you can work easily and quickly, as you do not have to manually convert the measurement
- Due to the fact that the refractometer has been calibrated at the factory, this guarantees that it can be used immediately for accurately measuring your sample
- Included in the scope of supply:
  - - Calibration solution
  - - Pipette
  - - Storage case
  - - 2 x AAA batteries
  - - Leather case
  - - Screwdriver
  - - Cleaning cloth
